

Paradigm - Senior Web Developer

| Our vision. At LightOn, we are building Paradigm, a trusted Generative AI Copilot to empower users with innovative solutions that **enhance productivity, creativity, and decision-making**. Together, we envision a future of limitless potential.

| Your mission. Generative AI is poised to disrupt industries across the board. You will play a pivotal role in accelerating the adoption of this technology, **transforming cutting-edge AI solutions into user-friendly, scalable interfaces and APIs**. You will work across the entire technology stack, from the frontend user interface to the backend infrastructure, to ensure that our platform is reliable, secure, and user-friendly. We are looking for creative and ambitious individuals.

Your responsibilities.

 > Plan overall website architecture and designs. Determine the technical requirements and solutions.

 > Design frontend with Typescript, TailwindCSS, Vite, and Vue3 Composition API and build backends using Django, PostgreSQL, and Redis;

 > Interact closely with the Machine Learning team to turn innovative ideas into full-fledged product features;

 > Package and deploy applications using Docker and Gitlab CI/CD;

 > Lead and mentor junior programmers providing guidance to develop their skills;

Required skills.

 > 5+ years of experience in web development;

 > Experience with Python (Django), Typescript and relational SQL databases;

 > Experience with Redis, Docker and Gitlab CI/CD tooling;

Desired skills.

 > Experience with Vite, TailwindCSS and the Composition API of Vue3

 > Experience with generative AI APIs such as OpenAI or Anthropic APIs;

| We are not credentials-driven. We want to understand your unique background and what you can bring to the team. We are excited about people who may not yet already have a track-record in the field, but who show high potential, enthusiasm, and a willingness to grow. You should be eligible to work in the EU, but all exceptional profiles will be considered.

| Benefits. Salary according to your profile, and flexible hours (including remote work).
